

## **59club Provides Free Access to Specialized Survey Tools Amid COVID-19 Pandemic**

---

Dear 59club USA Partners:

Obviously, these are challenging times. We hope you and your families, employees, clients, vendors and everyone important in your life are safe, healthy and comfortable.

59club USA is doing everything we can to join the global fight against this historic pandemic. We're in a unique position to help clubs communicate with their members regarding the crisis. As an existing 59club USA partner, we'd like inform you that we've added another "template" to our suite of surveys within the "Single" survey tab. It is called COVID-19. It has a list of questions that have been put together that you may wish to ask your membership. Like all of our surveys, you can also create your own custom questions that can be added to these template questions.

The idea behind this new COVID-19 template is to allow venue managers to establish the feelings and plans of their members and clients in advance of making operational decisions during these unprecedented times. 59club is dedicated to providing global clarity and vision, during a time when it's needed most

As the situation progresses, we will be adding additional survey templates to provide you with further insight into your staff, the re-opening of your venue, etc.

In an effort to assist the industry in general, we're offering a unique COVID-19 survey template to anyone who may need it on a complimentary basis through to 31st May 2020. This restricted license will include access to the COVID-19

template and not the entire suite of services that is available within the full paid-for license. It simply feels like the right thing to do to help everyone get through this challenging time

We hope you appreciate our position and the seriousness of the situation.

You can find the COVID-19 survey in your my59 profile under Single Survey.

Sincerely,  
59club USA Team
