reservations, 2hrs intervals, members of same dwelling, and kids are now able to go to the pool.

Our Pool is open by reservation only, cushions distributed by our pool host, Capacity is limited.

Lap swim with a reservation at this time

Pools are opening Monday, June 1st. Members Only. Reservation system is in place and operating as a lottery. Pool deck is setup in "Family Pods" One Dining table with chairs and two lounges chairs with each "pod".

not opened yet

We are open at 50% capacity. SELA, who manages our lifeguards and check in have their website set up so members can easily download the link to a page that tells them in real time how many people are at the pool. 98 is our 50% mark so if you are a member and check to see how many are in attendance before you leave home, you have a pretty good idea if you are going to have to wait to enter. We have hit capacity twice since opening Monday, May 18th and no one had to wait more than 15 minutes to enter. All staff are in PPE except lifeguards. There are 6 ft. lines around each stand and members are asked not to talk to them, while on the stand, unless it is an emergency. They have masks and gloves with them in case they are needed for close contact.

Pool Opens June 5th reservation only.

No pool

(3) 3 hour blocks of #75 ppl each, with 1-hour between blocks for sanitizing/clearing the facility. We purchased the ForeTees Aquatics reservation system, which works great.

Open and limited to 125 members at one time. Closed daily from 3:00 - 4:00 for cleaning.

We initially implemented

We are reservation only at the pool with no guests allow, with the exception of grandchildren and over age dependents when accompanied. We have 2 reservation time slots, 10am-3pm and 3:30pm-8pm. 30 minutes in between to sanitize and organize aquatics area. Members can reserve only one slot per day and reservation can only be made 3 days out. We allow 130 people per time slot. We have added extra staff every day to assist in the sanitation of the aquatics area and assist in reminding to social distance.

Reservations, 200 people allowed every three hours.

Due to limited capacities, we will have a lottery to determine final reservations for each day. This way it will not just be determined by the earliest received e-mail. The lottery entries for this Wednesday, May 27 through Sunday, May 31 must be completed by Tuesday at 10 a.m. with the link listed below to be considered for the upcoming week. If your reservation is selected, you will receive a confirmation email prior to 48 hours in advance of your requested time. Time slots are available Wednesday - Sunday. • Option A: 10 a.m. - 12 p.m. • Option B: 12:30 p.m. - 2:30 p.m. • Option C: 3 p.m. - 6 p.m. You will have the opportunity to select up to four (4) day/time preferences in this single link per week. PLEASE NOTE: This form is NOT a reservation. This places you in our pool time lottery. If you do not receive a confirmation email before your selected date(s), we apologize that we will not be able to accommodate you. Using Google forms for this process.

6. Tennis: If tennis is available, please briefly explain your new tennis guidelines (Ex: reservation system, etc)

N/A

yes, members, guests, and children can play. same dwelling playing on the same court together.

Reservations required, no social play, lessons are private only

Member-only with a reservation. One on one teaching available.

Tennis Courts are a First Come/First Serve basis currently. Beginning no later than Mid-June with ALTA, we will have a our reservation system in place again.

Tennis has been open the entire time with only the pro shop being closed.

yes, reservations only member and spouse - individual lessons also. alternate courts with open court between each playable court

Almost back to normal minus league play.

Same as fitness center

Wide open, clinics kept to #20 ppl (including instructors).

Open without water coolers.

Tennis is open normal. Members have always been encouraged to make court reservations. The pro shop has no access for members. They call in for anything they need and it is brought out to them. We are conducting lessons with only the pro allowed to touch the balls.

Tennis is open for members and guests now doubles play and singles play.

allowing small group lessons (up to 4) and mixed household doubles...Private Lessons, Family free play (all players from same household for singles and doubles) and Mixed household singles (players from other households). The club feels that this is the safest way to start back playing as we can ensure our members keep to the 6' distancing around the tennis facility and do not touch any tennis balls that are not theirs. Pros will be the only people to touch the baskets and carts (each pro is assigned a cart that they are solely using so we do not have any switching of baskets). Juniors (under 18) will be able to play after 2 p.m. with parents and

older children (18-22) can book a court for the mixed household singles play after 2 p.m. as well. The Ansley Tennis facility will allow mixed household doubles.

Outside courts only. Reservations through tennis shop, but no retail open. Doubles allowed if from the same household.

Guests allowed lessons allowed courts are reserved/all courts are open group classes allowed 6.9.2020 with Gov. Kemps new orders allowing groups of 25. still no tables or chairs

tennis open, no guests

Look for Tennis Director to respond

No new guidelines for tennis other than no guests allowed.

Reserved courts, marked balls, CDC guidelines

Outside tennis only. No reservations required.

NA

Regular operation with few touch point adjustments, picking up the ball, now towels etc.

Tennis is open and request reservations. ProShop is closed to members but they may call in an order for pick up at the Tennis Door.

Open - must use own racquet and balls.

reservations system- tennis shop is closed- courts have been very busy

reservation system - singles only

Tennis is open for full doubles, pickleball, no league, no guests, reservations only no water on the courts - bring your own no towels

reservation system, not operating at full service yet

7. Where do you see your club operations being in mid June?

Same as today... with indoor dining hopefully back open

Opening up for lunch, men's lounge, pool bar open, limited meals available in half way house & pool.

indoor dining open, reservation required. Pool open for a normal swim with 3 reservation time blocks available each day.

Similar situation that we are in now adding more social play and experience to the amenities

Golf will be about the same. Tennis will be nearly back to "normal" while allowing for social distancing. Swim will likely allow guests. Dining should be similar to our plans to reopen on June 2nd.

Hopefully, utilization of all areas will improve as time goes on and there will not be a resurgence of the virus.

largely open. but with reduced capacities for dining and pool usage

Continued phased reopening. Hopefully have policies back to pre-covid by end of July.

We have determined we will continue same operations through July 4th

Increased banquet business (smaller groups). Other than that, we're wide open.

Same as today

Hopefully one of two pool areas to open

We will open our dining room on June 13

Who knows??? We have all of our operations opened with limitation. A lot of this is dictated by the Governors executive orders. As long as social distancing is in effect, I do not see much of a change in operations. Each establishment is asked to ensure that non-cohabitants adhere to social distancing and this is very hard to do in a social setting like clubs. We have chosen to adhere to the Executive Orders as they are stated and are not allowing guests or members not in the same household to sit together in our dining venues. This is much easier for us to police due to the membership records we have but hard for the members to accept.

90% down on regular usage. 100% down on banquets, though may be doing some in July

60 percent open. Spa partially open. No banquets, or large social events. Upscale dining remaining closed.

Adding A la carte dinner service in the Family casual dining room and loosening some restrictions in Golf, Tennis and Pool. Valet,

locker rooms, Men's grill and events remain offline.

Outside dining continuing (were only open as of June 1st per county regulations) for lunch and dinner. Pools open.

Full operations including limited banquets

Open following CDC, state and country guidelines. masked and gloved staff. groups allowed over 25 people. Maintaining togo, outdoor and indoor dining.

About the same as where we are now. Hopefully some of the current restrictions will loosen up. Still don't see banquets happening anytime soon.

All F&B operation open - banquets open gradually based on demand beginning in July

50%

The same

Somewhat back to normal with the exception of banquet events.

To Go only unless virus new infection rates go down in the city and county. Perhaps outdoor dining will be opened.

90% back to normal

Still unknown.

Golf has stayed open- we are now riding two in a cart if members are ok with that. We hope to get the dividers soon that will allow a protective shield between the two cart riders. We hope to continue to ease our pool restrictions and increase capacity of our sessions. We will add inside dining, bar and mens card room just for Friday, Saturday and Sunday use. Add more hours to our fitness center and will be playing USTA tennis events in July.

Still in phase 2

75% dining - banquets under 50 people

Almost 100% open except for indoor fitness training and childcare.

Full a la carte, guests in golf, guests in dining, banquets limited
